

Swivel castor:

GSL-41G-TH-M10

Technical data

Diameter		100 mm
Tread width		32 mm
Height		135 mm
Offset		38 mm
Bolt hole diameter		10 mm
Load capacity		100 kg

Technical description

sheet steel metal housing

zinc passivated

swivel bearing with double ball race

threaded bolt hole M10

Wheel

thermoplastic elastomer tyre (TPE)

polypropylene wheel centre

without thread guard

plain bearing
