

Swivel castor:

GSL-41G-TH-M10

## Technical data

Diameter		100 mm
Tread width		32 mm
Height		135 mm
Offset		38 mm
Bolt hole diameter		10 mm
Load capacity		100 kg

## Technical description

sheet steel metal housing

zinc passivated

swivel bearing with double ball race

threaded bolt hole M10

## Wheel

thermoplastic elastomer tyre (TPE)

polypropylene wheel centre

without thread guard

plain bearing
